About Us

PFA was founded as Pacific Financial Association, Inc. in 1998 by J. Penny Larson, a former international banking consultant. Drawing on her expertise, she began issuing BMC-85 Trust Fund Agreements to freight brokers, rapidly expanding the company into what is now the largest issuer of BMC-84/BMC-85s - a legacy of leadership and innovation that continues to shape the industry today.

"Pacific Financial Association has been an amazing partner. They have helped us thrive in a very dismal market. We have relied on PFA not only for our BMC-85, but also for our contingent coverages. I could not have picked a better partner to assist in growing our business and would highly recommend PFA."
